Experience

Galileo LLC Mentor- Blacksburg, VA   Aug. 2023 - Current
Member
- Assisting first-year engineering students within the Living-Learning Community with their transition into their new academic career by acting as a peer mentor. Often scheduling weekly meetings with my community and effectively relaying information to my mentees. Using opportunities to expand my own professional opportunities, as well as theirs.

Laura Hotel Autograph Collection - Houston, TX   July 2022 - Aug. 2022
Bartender
- Served an average of 50 customers per day while memorizing menu items and giving customers recommendations based on their preferences. Building community with regulars as well as making sure newcomers felt comfortable.

McDonalds - San Antonio, TX   Oct. 2021 - May 2022
Team Member
- Effectively set the mood for guest experiences being their first interaction. Prepared meals for and handled money for an average of 250 customers per day; as well as resolving common issues. Created a routine for easier work-flow, while offering great customer service.

Leadership Center for Science and Engineering - Norfolk, VA   Sept. 2018 - June 2020
Student
- A high school program designed to give students the opportunity to pursue advanced studies and develop strong leadership skills. Allowed students to become reflective leaders who will play a central role in the success of their communities and beyond, through personal application. Stands as a model of commitment to scholarship, service, tradition, and innovation.
